NEWS IN SKOOLER

We recently released new information in Skooler where we added the possibility of an answer option in the Message tool as well as some small improvements in the planning tool.

If you would like to know more about the release, see more information here: [Release information](#)

BLOG

Our latest blog features school-home communication.

According to research from the Harvard Graduate School of Education, good school-home communication increased the chances of students completing their homework by 40%, increased students' attention by 25%, and increased class participation rates by 15%.

Check out the blog here: [Informed parents are engaged parents!](#)

WE ARE WORKING ON...

- App stability
- Having the Message tool available in Microsoft Teams
- Adding a next/previous button to PLP/ILP
- Enhancing the image gallery views
- Adjusting «late submission» in the Assignment tool
- Ongoing bug fixes and enhancements
